

Kathrene Beidler

Kathrene “Kathy” Beidler, retired from the corporate world in 2011 and has served on the Board of the Children’s Museum since 2012. She has one daughter and three grandchildren. Kathy has over 45 years of IT experience in computer coding, analysis, database administration and testing methodologies. At the Museum, Kathy volunteers as a docent, member of the marketing committee and is President of the Museum Board and chair of the IT committee, as well as being a docent and member of the Friends of the Museum. She also has an extensive background in graphics design and assists the Museum with many, many (!) design projects. When she’s not guiding groups through the museum or pulling together a marketing piece, she serves with the Valley Chemical Fire Dept. ladies auxiliary, Anthracite Trail Riders ATV Club, is an active member of Wesley UMC in Bloomsburg where she also teaches Sunday School, and is also a member of P.E.O. Chapter BK. When she manages to find “free time” she enjoys photography, reading, Corvettes and wine (not whine). A fun fact about Kathy that you might not guess – she has handgun training, experience, and permits to carry concealed from UT and PA.
